ARKON®

The Mobile Mounting Specialists™

New products, technologies, and opportunities in 2011

A flood of tablet computers and large format smartphones are now being used in ways never before imagined. The global adoption of these powerful mobile computing devices is fueling strong demand in the mobile accessories category.

Arkon Resources, Inc., continues its long tradition of high-quality accessories and solutions with the introduction of several new products this year. Of note are multiple car mount solutions designed to hold tablet computers for front or backseat viewing, and a universal fold-up travel stand.

Consumers are abandoning their standalone portable navigation devices in favor of robust GPS software applications for smartphones and superphones. Arkon now offers the industry's largest selection of universal and custom-fit car mounts, docks, and holders.

Notable new holders include Mega Grip, the large side-grip holder that supports supersize phones and Slim-Grip,™ a thin and versatile spring-loaded, multi-use, universal holder.

Arkon's other accessory additions include bicycle and handlebar mounts with water-resistant holders for smartphones and GPS, protective cases and bags for smartphones and tablet computers, and power adapters for mobile phones and laptops.

Partnering with ARKON®

There are many advantages to partnering with Arkon.

- Offering patented and patent-pending, award-winning products
- Innovating in the consumer electronics industry for more than 20 years
- Servicing diverse customers with our multi-lingual, global staff
- Complying with RoHS, WEES, and REACH environmental standards
- Employing our knowledge of industry patents and prior art
- Providing custom fit and universal mounting solutions
- Conducting rigorous product testing and documentation
- Utilizing the highest quality materials
- Offering rapid ABS prototyping
- Striving for ongoing innovation

ISO 9001:2000 Certified

Proud member of CEA Consumer Electronics Association

RWIPC - GPS Car Kit for iPhone and iPod
This top-of-the-line car mount solution can be used with most models of the Apple iPhone and iPod touch (see compatibility). RWIPC features a built-in SiRFstar III GPS receiver. The integrated Bluetooth connection lets you utilize the speaker on the back of the iPhone Car Kit for enhanced, hands-free calling.

Compatibility:*
iPhone 4, 3GS, 3G
iPod touch 4th, 3rd, and 2nd generation

- Adds high-performance GPS to your iPod touch
- Replaces and enhances your iPhone GPS
- Charges your iPhone or iPod touch while in use
- Bluetooth hands-free calling
- Features Arkon's high-performance Travelmount® mini windshield suction mounting pedestal
- Built-in 2W speaker
- Audio line out
- Compatible with iPhone or iPod touch even when used with protective skins
- Power cord length: 3' 9"

*Not compatible with the iPhone 4 when used with Apple branded "bumpers"

Does NOT include GPS software for iPhone or iPod touch. Sold separately at the Apple app store.

Made for iPod iPhone

MOUNTING PEDESTALS

Arkon's mounting pedestals feature a proprietary double connector (dual T), quick-release mounting pattern. The dual T-tab (male) adapter head on the pedestal is designed to provide maximum stability and ease-of-connection to and from dual T-slot (female) compatible holders.

All GN model pedestals are compatible with the 17mm swivel ball pattern found on Garmin Nüvi devices.

Pedestals having "SBH" in the model number feature swivel heads that rotate 360°. Pedestals with SBH-AMPS or SBH-1 adapter heads (shown at right) are also available (e.g., GN014-SBH becomes GN014-SBH-AMPS).

NEW

Vehicle-specifc mounts (VSMs) are the mounting bracket of choice for professional installers. They provide a low-profile, unobtrusive, secure connection to the car's dashboard (via existing screw holes inside the dashboard).

Arkon's VSM smartphone mounts include a vehicle-specific mounting pedestal and Arkon's Slim-Grip™ phone holder.

Arkon offers one of the largest selections of vehicle-specific mounts in the industry.

Each VSM Bundle Includes:

SM050-2
Slim-Grip™ Universal Phone Holder (shown with long legs installed)

Holder height: 3.2" (82mm)
Max. extension: 4.6" (118.5 mm)
Holder height, long legs: 3.8" (98mm)
Max. extended, long legs: 5.2" (133 mm)

Ideal for use with most non-flip smartphones and devices with or without protective skins or cases.

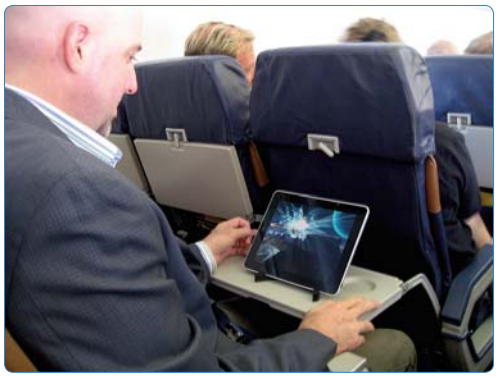
TRAVEL ACCESSORIES | UNIVERSAL TABLET STAND



Arkon's IPM-TAB1-R is an exceedingly travel-friendly tablet computer stand designed for use with nearly all lightweight tablets. The compact design is perfect for travel on planes, trains, etc.

This desktop stand frees up your hands so you can watch movies, read an eBook or recipe, surf the web, conduct a presentation, view photos, read displayed sheet music, or conduct any other activity that would benefit from a foldable, easel-type of stand.

NEW

IPM-TAB1-R
Portable Fold-Up Stand for Tablet Computers

- Folded Size: 7" x 1" x 1"
- Weight: 2.9 oz.

Also available by special order only:
IPM-TABW (White) or **IPM-TABG** (Gray)
